

LARRY SMITH, MHA, RHIA

Candidate for AHIMA Board of Directors Integrity. Innovation. Impact.

Why I'm Running

As a dedicated Health Information leader with over two decades of operational and strategic experience, I am running for the AHIMA Board of Directors to elevate our profession, empower our members, and ensure that our voices guide the future of health information.

What I Stand For

-  Advocacy for the HI Profession – Ensuring AHIMA leads in public policy, regulation, and health equity.
-  Operational Excellence – Driving solutions for real-world challenges in coding, data governance, and workforce sustainability.
-  Member Engagement – Building inclusive, transparent pathways for professional growth and collaboration.
-  Innovation Leadership – Championing technology, analytics, and the evolving role of health information professionals.

About Larry

- MHA, RHIA – Master of Healthcare Administration, Registered Health Information Administrator with 20+ years in acute care leadership
- HIM Director of a 423-bed hospital with 31,000 discharges and 444,000 outpatient visits annually
- Proven track record in coding operations, compliance, staffing strategy, and system implementation
- Collaborative leader, mentor, and advocate for workforce development

"I will represent the real-world challenges and goals of our profession with clarity, integrity, and action."
