

LORIE B. MILLS, RHIT, CCS

CANDIDATE FOR
2022 CCHIM COMMISSIONER

ABOUT

I understand the need to move forward inside and outside of our profession. During my 26+ years of experience I have witnessed many changes, some of which I have led and some of which I have followed. I continue to be an advocate for the HIM/HIT professional inside and outside of our profession. I promote the importance of having an AHIMA credential and the value it adds to the individual and the employer. I have participated in several collaborative events with stakeholders such as the American College of Cardiology and the MS Hospital Association to promote our profession. My passion for HIM/HIT professionals to be leaders in the healthcare ecosystem will serve me well as your CCHIM Commissioner. **A vote for Lorie Mills is a vote for an innovative and forward-thinking workforce.**
